New York NY 10013

Re: 369 BROADWAY MANHATTAN

PERMIT #: 110012101-01-EQ-SH

I, AKM HOQUE, Professional Engineer, am hereby requesting the renewal of the above referenced sidewalk shed permit. The initial permit was issued on **10-26-07** and approximately **25%** of the work has been done since the issuance of the initial permit.

As per the new building owner, the work was delayed because of the recent financial market crisis. The building has now been purchased by another developer who will be building the new condominiums. The work consists of the demolition of the existing building and the construction of a new building in its place. The work is scheduled to commence on or about 02-01-12 and continue for 18 months. The building is in a fair condition. Attached are photos of the jobsite. Photos does not show the # on the building but it shows the adjacent building 367. Building # 369 is to the right of building # 367. The new owner of the property is:

Franklin Lender LLC
950 Third Ave, Suite 3101
New York NY 10022

Sincerely

AKM HOQUE
PE # 83278

*OK to letter
