2 Building Notes to appear on the Certificate of Occupancy

This 'new building' application is for the construction of a platform over the existing MTA/LIRR Eastern Rail Yards. DOB has no jurisdiction over this facility. All egress for the rail yards is provided separately and independently from this platform.

All future construction above or incorporated within this platform will be filed under separate applications with the Department of Buildings for their review as applicable to the specific work proposed. Revisions to this filing will be made based on these future reviews.

All proposed spaces below the base flood elevation will be dry flood proofed. The foundation and structural work in this application located below the flood elevation has been designed to withstand hydrostatic and hydrodynamic forces for dry floodproofed structures ASCE 24.

3 Applicant's Statements and Signatures *Required for all applications.*
