

TPP1: Tenant Protection Plan

Pursuant to Local Law 154 of 2017, form must be completed as a PDF fill-in. You are required to notify the Department 72 hours before commencing work in connection with this Tenant Protection Plan.

1	Location Information Required for all applications.
House No(s) 1513 Street Name LEXINGTON AVE Number of apartments to remain occupied 008	
Borough Manhattan Block 1625 Lot 52 BIN 1076344 CB No. 111	

2	Tenant Protection Plan Required for all applications with occupied dwelling units. (2014 AC 28-104.8.4) Means and methods shall be described with particularity and in no case shall terms such as "code compliant," "approved," "legal," "protected in accordance with law" or similar terms be used as a substitute for such description. The elements of the Tenant Protection Plan may vary depending on the nature and scope of the work but at a minimum shall make detailed and specific provisions for:
----------	--

- Egress** - Clarify how adequate egress will be maintained during construction.
- Fire Safety** - Identify safety measures to maintain fire safety of occupied dwelling during construction.
- Health requirements** - Specify methods to be used for control of dust, disposal of construction debris, noise control, maintenance of sanitary facilities during construction.
 - Lead and asbestos** - Statement of compliance with applicable provisions of law relating to lead and asbestos, such statement shall describe with particularity what means and methods are being undertaken to meet such compliance.
- Compliance with housing standards** - Demonstrate compliance with NYC housing maintenance code and NYS multiple dwelling law during construction.
- Structural safety** - Identify specific measures to maintain structural stability during construction.
- Noise restrictions** - Identify measures to comply with NYC Noise control code during construction.
- Maintaining essential services** - Describe the means and methods to be used for maintaining heat, hot water, cold water, gas, electricity, or other utility services in accordance with the requirements of the New York City Housing Maintenance Code. Specify if a disruption of any such service is anticipated during the work, including the anticipated duration of such disruption and the means and methods to be employed to minimize such disruption, including the provision of sufficient alternatives for such service during such disruption.
- Other requirements** - Any additional requirements to assure tenant safety during construction.

Complete all sections that apply below.

Egress. At all times in the course of construction provision shall be made for adequate egress as required by this code. All building egress will remain operable, free of debris and unobstructed at all times as required.

Fire Safety. All necessary laws and controls, including those with respect to occupied dwellings, as well as additional safety measures necessitated by the construction shall be strictly observed.

Health Requirements. Protection of public areas from dust and debris infiltrating the hallways via the apartment doors, must be provided. All doorways existing the apartment should be provided with a zippered tent to act as a vestibule to limit the amount of dust. A sticky mat or damp cloth must be placed on the inside of the apartment entry.

The contractor shall comply with all federal, state and local lead-based paint requirements, including the requirements of local law 38 and 40 CFR 745 regarding precautions in preventing spreading dust and debris, notification to other residents and retention of records.

Compliance with Housing Standards. The requirements of the New York City Housing Maintenance Code, and, the New York State Multiple Dwelling Law shall be strictly observed.

Structural Safety. No structural work shall be done that may endanger the occupants.

Noise Restrictions. Work hours shall be limited to Monday through Friday between 7am and 6pm as per NYC Building Code and the New York City noise control code.

Construction operations not to involve any interruption of heating, water or other utility service to Tenants of the building without coordination with the Building Management and advance notice.

No additional requirements are included for this project. All apartment will remain occupied.

Continue on next page, if necessary.
