Respectfully submitting objection response for DOB job application# 140671770;

1.As per 27-733; provide light and vent calculations according to the opening part of the window. Update SF of all rooms

Response: Light calculations is provided based on the entire window glazing and air calculation is provided based on the operable part of the window.

2. As per ANSI A117.1- 2009 403.5.1 provide clear width at 180 degree turn

Response: This is a walk-up residential building. thus does not need to provide accessible route at the cellar level.

3. As per MDL 31-2(A) living room living room containing at least one hundred thirty-two square feet of floor area,, provided area is not correct.

Response: As per MDL 214 Size of rooms (1)(a) "In each apartment there shall be at least one living room containing at least one hundred twenty square feet of clear floor area." This is an old law tenement building, thus complies with article 7 of the MDL and only need to provide a living room room size of 120 SF. With that said the living room proposed meet the minimum requirement of 120 SF, as indicated on sheet A-002.01

4. As per MDL 144-3 provide two lawful mean of egress

Response: There is no dwelling units on the cellar level, thus does not required 2 means of egress. The cellar level is only use for storage, boiler, and meters. There is one interior stair provided at the cellar level that leads to the first floor lobby out to the front of the building. In addition on the icards, there are no dwelling units indicated on the cellar level.
