Fax: 718-965-7753

Date: **August 28th, 2015**

RE: **185 Schaefer St, Brooklyn, NY**

Requirements

Protect ANY and ALL TREES within 50 feet of construction site (that lies on the same side of the street as the construction site).

(2) total tree(s) to protect.

Your application number is **17858**. Use this number to reference all future correspondence for this site.

Your Plan Review request has been received and is ready to review. You will be contacted by a member of the Forestry staff should changes need to be made to your plan. Upon the completion of the review you will receive 2 sealed copies of your site plan in the mail. Should you encounter issues with existing trees during construction you must contact the borough forestry office immediately. You should contact Central Forestry at **718-760-6801, fax, 718-760-6640 or treeplanting.permits@parks.nyc.gov** about new planting trees associated with this construction at this site.

In the event of technical difficulties you can hand deliver this letter to DOB for your construction permits.

PLEASE NOTE: If your application impacts any existing City tree(s), tree preservation and protection is required. Regulated activity requiring a DPR permit includes sidewalk, curb, and utility installation as well as site access. Failure to comply may result in a summons, fine and/or restitution.

This is NOT a permit to perform any tree work or work adjacent to a tree.

Thank you,

Erick Fields, Forester II/Arborist NYCDPR
