The staff of the Landmarks Preservation Commission recently received a request to inspect work completed at the subject premises. Accordingly, staff reviewed the submitted photographs and found that the installation of two (2) solar panel arrays has been completed in compliance with Certificate of No Effect 21-10257 (LPC-21-10257), issued on June 16, 2021. Therefore, the Commission has no objection to the issuance of final Department of Buildings sign-off for this work at the subject premises.

Thank you for your cooperation.
