5 Sustainability: Required for All New Buildings

Reflectance: Per 28-101.4.3, item 11 and BC 1504.8, many new buildings and alterations require roofs and setbacks to have a certain level of reflectance. If applicable, please indicate the number of square feet and percentage of the roof that is reflective: _____; _____ %

If the roof and/or setbacks are exempt from reflectance requirements, please indicate why:

Filed Under 1968 Building Code

6 Statement of Compliance

Knowing falsification of any statement is a misdemeanor under 28-201.2.1 and 28-203.1 of the Administrative Code and is punishable by a fine or imprisonment, or both. It is unlawful to give to a city employee, or for a city employee to accept, any benefit, monetary or otherwise, either as a gratuity for properly performing the job or in exchange for special consideration. Violation is punishable by imprisonment or fine or both. I hereby state that I am the:

- ☐ Registered Architect
☐ Professional Engineer
☒ Construction Superintendent

that supervised the construction work. I further state that I have examined the approved plans and specifications of the structure herein referred to of which a Certificate of Occupancy is sought. To the best of my knowledge and belief the building has been erected or altered in accordance with the approved plans and specifications and any amendments thereto, and all materials and methods of construction utilized during the course of construction have been in accordance with applicable standards and code requirements. As erected or altered, the building complies with the provisions of the building code and all other applicable laws and regulations, except insofar as variations or variances therefrom have been legally permitted or authorized.

I hereby state that all of the above information is complete and correct to the best of my knowledge.
