Dear Sir:

This is to advise you that the **PSEG-LI electric facilities** at the above referenced location have been removed.

You must also contact National Grid at 516-545-4973 to procure a letter of demolition associated with natural gas service, whether or not your home or business uses natural gas.

In accordance with the New York State General Business law – Chapter 818, Industrial Code Rules 53, please inform the demolition contractor to notify the Utility Control Center at 811 or 1-800-272-4480, 48 hours prior to starting work to request a mark out of the utility services in the area.

If you have any questions regarding the above, please contact Customer Order Fulfillment at 516-949-8691.

Very truly yours,

Carolyn Mackin
