All AKA's ("Also-Known-As", if applicable):

BIS job # for demolition (DM) filing: 421359130

Other related BIS job #s: 421229147 & 421359158

Distance from nearest street corner (in feet):

Mechanical Means Information:

Description of mechanical equipment proposed for demolition:

Ex302 Excavator, gas saws, generators, **BOBCAT 763**.

☐ Requesting full mechanical demolition

☒ Requesting partial mechanical demolition

A plot plan must accompany this request. It must show:

- the size of the lot, the size, location and height of all structures on the lot of adjacent structures
- the structures which are to be demolished and the structures or portions thereof which are to be demolished by mechanical means
- the construction classification of the building to be demolished
- the mechanical means to be used(type of machinery) and proposed location of it
- the safety zone
- the location of the sidewalk shed, fences and other protective construction
- the width of the adjoining street

Agreement and Signature:

By signing below, I agree that if issued a mechanical means permit:

- A construction fence will be erected along the perimeter of job site. No persons other than the operator of the equipment will be permitted within the safety zone of demolition while the mechanical means method of demolition is in use. No part of the equipment, when in use will extend beyond the permitted boundaries. Letter of Request, Letter of Permission and Plot Plan must be available on the premises during course of demolition.
- All Building Department regulations will be followed when performing the demolition in accordance with Chapter 19 Article 6, section 27-1039d.
- All hand demolition will be completed and inspected by B.E.S.T. prior to commencement of any Mechanical demolition
