1. This permit is predicated upon the plans and other data which have been submitted to satisfy the Department of Buildings that the site is acceptable and the subsoil is adequate for the proposed system.
2. Issuance of this permit does not imply or indicate approval of design or structural safety.
3. The permittee named herein shall indemnify and hold harmless the City of New York against any and all claims which may arise from the performance of the work covered by this permit.
4. This permit is issued subject to the strict observance of all laws, rules and regulations enacted for the protection of the City so far as they may apply and is subject to revocation at any time by the Commissioner, or in the event of failure of the permittee to comply with any of the terms or conditions upon which the same is granted.
5. It is understood and agreed that the work proposed shall be executed in a good and workman-like manner and to the satisfaction of the Commissioner, in accordance with provisions of the Administrative Code of the City of New York and any amendments thereto, and any applicable rules and regulations.
6. This permit shall be valid for two years from the date of issuance, and may be renewed for one additional period of two years only.
