Re: Solar Commercial Operation Letter - PAM-2020-80005

Dear Laura Leonard,

This correspondence concerns your 4.44 kW (AC) / 4.98 kW (DC), residential photovoltaic system located at 142 Beach 120th St, Fl1, Rockaway Park, associated with PSEG Long Island Acct# 0040728125, which has been technically satisfied to operate in parallel with the LIPA system as of 11/04/2020. In addition, the net meter was installed and is active as of 05/08/2020.

Please note that you are responsible for obtaining all building permits and any other governmental approvals that may be required. Once you have obtained all such permits, you may begin commercial operation of your photovoltaic system.

Furthermore, your net meter account is effective as of the changed net meter install date referenced above. Unused energy credits will roll over to next billing period for the full 20 years and energy credits remaining after the twentieth year will be forfeited for Residential or Small Commercial Service Classifications that are not billed for demand. Please contact 1-800-490-0025 for net meter billing inquiries.

If you have any questions, please feel free to contact us at (516) 949-7004.
