PSEG LONG ISLAND

We make things work for you.

RE: DANIEL PIPITONE Residence - 21434 12TH AV, ROCKWY PT, NY 11697 – 6.38 kW Residential Net Metered PV System, PAM-2024-376407

Dear DANIEL PIPITONE,

This correspondence concerns your 8.91 kW DC /6.38 kW AC, Residential photovoltaic net meter system located on 21434 12TH AV, ROCKWY PT, NY 11697 associated with PSEG Long Island acct# 0011610650 have been technically satisfied to operate in parallel with LIPA system as of 7/29/2024. In addition, the net meter was installed and is active.

Please note that you are responsible for obtaining all building permits and any other governmental approvals that may be required. Once you have obtained all such permits, you may begin commercial operation of your photovoltaic

system.

If you are a residential customer or a commercial customer on a non-demand Service Classification, who has installed photovoltaic system or submitted closeout documents on or after January 1, 2022, you will be billed monthly for the Customer Benefit Contribution (CBC) Charge as per the current tariff.

Furthermore, your project is effective as of the operational date referenced above. Unused energy credits will roll over to next billing period for the full 20 years and energy credits remaining after the twentieth year will be forfeited for Residential or Small Commercial Service Classifications that are not billed for demand. Please contact 1-800-490-0025 for net meter billing inquiries.

If you have any questions, please feel free to contact us at (516) 949-7004.

Thank you.
